PROFILE

7th-semester Informatics Engineering student at Universitas Budi Luhur with a strong interest in web development. Proficient in HTML, CSS, JavaScript, React, and Tailwind CSS, with hands-on experience building both frontend and backend applications. Dedicated to continuously learning modern technologies, writing clean code, and delivering reliable digital solutions.

EDUCATION

Universitas Budi Luhur

Bachelor of Computer Science

Current Status: 7th Semester

Cumulative GPA: 3.59 / 4.00

PROJECT EXPERIENCE

Personal Portfolio Website — React JS (2026)

- Built a responsive personal portfolio site with React JS and Tailwind CSS.
- Integrated Framer Motion animations for a smoother, more dynamic user experience.
- Designed a structured frontend architecture showcasing profile, skills, projects, and certifications.
- Managed version control with Git/GitHub and deployed the app to Vercel.

Computer Course Website (KKP) (2026)

- Developed a full course-management website with Laravel and MySQL.
- Designed a normalized MySQL schema to manage users, class schedules, and payment transactions.
- Built REST APIs to handle client-side requests and streamline data management.
- Deployed and hosted the application on Hostinger, ensuring public accessibility and uptime.

Simple E-Commerce Website (2026)

- Built an online store website using HTML, CSS, and JavaScript.
- Implemented shopping cart and checkout functionality.
- Designed a responsive, user-friendly interface.
- Deployed and hosted the website to make it publicly accessible online.

VOLUNTEER EXPERIENCE

Service Coordinator, Service Production Team — Church Ministry (2026)

- Led the service production team, overseeing planning and execution of weekly service rundowns.
- Coordinated cross-departmental collaboration (worship, multimedia, technical, hospitality, etc.) to ensure smooth and synchronized execution.
- Managed real-time problem-solving during live services to maintain flow and minimize disruptions.
- Developed leadership, communication, and project coordination skills through consistent team management in a dynamic, time-sensitive environment.

SKILLS

- Technical: HTML, CSS, JavaScript, React JS, PHP, Laravel, MySQL, PostgreSQL, Git & GitHub
- Soft Skills: Problem Solving, Teamwork, Communication, Time Management, Critical Thinking
- Languages: English (Intermediate), Indonesian (Native)
